Interlude : SUMIRE STRIKES!

You damned thief!

Pardon?

*she uses the Japanese expression "dorobō neko" (thief cat), hence the cat ears.

Kuro-sawa
Sumire, is that it?
Yes.
So
I'm not gonna beat around the bush.
Little sister of Kurosawa Yurine, who is in class 1-C, seat no 9!
Err yeah, it's not like I know even her seat number...
You seem to be the real article
Please stop clinging to my sister
It's your sister who's constantly clinging to me...
Yurine
Hmph
is MY
big sis'

Shiromineee
?
She's noble, pure-righteous, and beautiful
She's the sun who illumnetes our family I'm so proud of her!
She's gifted in studies as well as in sports
Perfect!
Err, true forgive me
What do you know about my sister, huh?!
I don't think we're talking about the same person
Okay the part about sports and studies is true
But please don't get closer to her than necessary
!?
I perfectly understand why you fell in love with my sister
What?!
Yurine graduated to a school that's strangely far away
And now when she gets home, she only talks about you.
Shiromine is so...
And then Shiromine...
With Shiromine !.

Uh lo... Who ?
Don't imagine that I hang out with her because I like it.
Actually, I don't even hang out with her
You could even say I'm rather uncomfortable around her.
Are you saying you don't get how perfect my sister is?!
Fana
tic
Hey
Make up your mind, already!!
It's my school's anniversary today, so I don't have class*
I thought I would go do some club activities
But I changed my mind

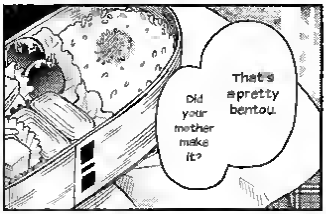
*the anniversary of a school's foundation is usually a vacation day in Japan

I shall watch your every move during this day.
I want to know how you captured my sister's heart!!

ひそ

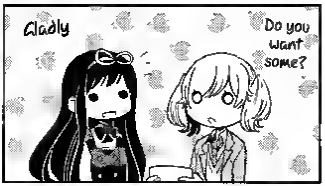
Shiramine you're not as talented as my sister, but you're not half-bad.
Though not as much as my sister
You do not need to say it twice, thank you.
Why am I eating lunch with this girl, anyway...?
Doooo
Diiing

Well
Yurine is still better than me.
She's fast, too



That's a pretty bentou.
Did your mother make it?

Oh no, I did
I love cooking
That's great.



Gladly
Do you want some?

Unlike me, who's mediocre at everything.
She's my pride Sports studies
She's on top at everything she does.

So please.
Don't take her away from me...
Sumire.
ひくっ

I'm pretty sure I told you not to come here by yourself
Yu..
Yurine

Would you please not tell lies that are hard to disprove?
Even though you once told me that I was the only one you cared about"

And when you open your mouth, it's Shiramine this, Shiramine that!
Even on vacation days, you go out.
But - you haven't played with me at all, lately!

So I wanted to know if high school was really such a fun place
Be-cause
I feel lonely, you see...
I'm sorry
You're pretty soft on her, aren't you...
But after seeing what I saw today...
No, actually I think I had more or less understood it a while ago...
You can't stay only with me forever

And then...
I will be nothing.
Sumire
Huh...
You may be even more talented than your sister
The omelet in your bentou
was delicious

Shira-mine.
In any case, I liked it a lot
Will you make a-nother one for me so-meday?

Can I call you Sister Ayaka?
I'm in love!!
No thanks, you already have that, don't you
You sure are quick to get back on your feet
THAT

* "Big Sister" (Onee-sama) is a term of admiration here -- it's frequent in this type of series

I didn't think it would offend you
Ah, sorry, I just said that without thinking
Ah!
You may even be more talented than your sister
Are you gonna taste it, then?
Sure.
At her place?
Sure.
At my place?

You'll stay over, then?
Huh?
We'll take a bath and sleep together, right?
Wait a minute.
That'll be the first time I do that, I'm so looking forward to it!
Now when should we do this, Shirakumine?
Yep, the big sis is still more of a pain, after all.
I feel like I was beautifully tricked..
